Dear Partners:

Effective June 10th 2013, we are changing the way in which we pay our vendors. You will no longer receive a paper check from The Black Car Fund. You will receive a paper one-time use credit card along with the MCMC Explanation of Review that you are used to receiving, by fax.

The one-time credit card will be provided to you by a service called "VPAY". Using VPAY will ensure that will receive your payments from us in a faster and more efficient process. Once you receive the one-time VPay credit card, you can process the payment quickly through your credit card machine or merchant terminal, the way you would with any manual credit card entry process. A sample of the VPay payment has been provided below. If you have any questions or would like to update the fax number we have on record for you please contact us at 212.269.4800 option 1, and one our claims assistants will gladly be of assistance to you.

How to Process Your Advice of Payment

Dear Sir or Madam:

The document you are holding is a payment for services provided. The image below is a virtual payment, or VPayment®, sent on behalf of INSURANCE PROFESSIONALS, who has partnered with VPay® to provide a faster, more efficient way to reimburse your business for services rendered. The VCard® is a virtual corporate purchasing card and can be processed through your merchant terminal as a MasterCard transaction.

Note: In accordance with your MasterCard agreement, a VPayment® is a legal and recognized form of payment for claims administration and therefore must be considered as such. Any attempt to deny payment could be a violation of your merchant agreement and result in non-payment.
